## **Our Lady of Medjugorje's Message Given to Marija Pavlovic-Lunett September 25, 2014**

*"Dear children!*

*Also today I call you to also be like the stars, which by their light give light and beauty to others so they may rejoice. Little children, also you be the radiance, beauty, joy and peace – and especially prayer – for all those who are far from my love and the love of my Son Jesus. Little children, witness your faith and prayer in joy, in the joy of faith that is in your hearts; and pray for peace, which is a precious gift from God. Thank you for having responded to my call."*

### **Commentary on the September 25, 2014 Message**

Gazing up at the stars on a clear night never fails to raise my heart and mind to God, the Creator of this vast universe. I never before gave thought to their construct, or life cycle. Rather, I enjoy the stars for their beauty and radiance. In my heart, the Lord reminds me that their light will never be overcome by the darkness.

This month, Our Lady calls us to be like the stars. She asks us to be radiant, beautiful, joyful and peaceful. Before we can be like the stars, I think it is important for us to know a little something about the construct of

a star and what actually causes it's luminosity. I read some facts about the stars – interesting, especially when we compare those facts to our own spiritual make-up.

First, a star is a massive luminous sphere of plasma held together by it's own gravity.

\* We are bodies of flesh, bone, muscle held together by all the connecting tissue. Gravity keeps us earthbound.

A star releases energy that traverses the stars interior and then radiates to outer space.

\* Because of sanctifying grace, our spirits are filled with God-energy that cannot be contained within our bodies. Rather this God-life radiates out to those around us.

The total mass of the star is the principal determinant of it's evolution and eventual fate.

\* What is our 'mass'? Is it earthly or is it spiritual? What matters to us? Have we filled our hearts with the love of God...or love of the world? What is our principal activity? Concerns for our physical well being or our eternal well being? Do we pray or are we busy about many things? At our core – are we dense with the grace of the Sacraments, the effects of prayer, the love of God and our fellow human travelers? Is our faith strong enough and visible enough to evolve to the next generation. What will be our eventual fate??

Once the stellar core is sufficiently dense, energy is released.

\*Once we are sufficiently rooted in prayer and grace, our effect in the world is transformative. It is then that God will be able to use us to bring the good news out into our world. Once we are grounded in love, we can be what Our Lady asks of us –

Beautiful, radiant, peaceful and joyful.

The star then evolves recycling a portion of it into the interstellar environment where it will contribute to the formation of a new generation of stars.

\* If we, Jesus disciples, are ever going to spread the Gospel Message of Love to the next generation of disciples then we must become prayer for those who are far from the love of God. The forming of new stars in the Kingdom depend on us - on our obedience to the Law of God and His Church and on our strict adherence to the voice of Mary in our midst.

The luminosity of the star emanates from its core. Our luminosity also emanates from our core – the indwelling of the Blessed Trinity in our hearts.

Mother of God, intercede for this world torn asunder by violence, terrorism, immorality. In the name of political correctness and apathy, we have lost our way and compromised our Christian values. Our country has become the prodigal son. Help us find our way through the thick darkness that has spread everywhere. Send the ‘Stars’ that you have formed out to those who are far from the love of God. Let their radiance pierce the darkness and restore peace.

Praised be to the Father, and the Son, and the Holy Spirit.

Amen

### Message Given to Mirjana Dragicevic-Soldo September 2, 2014

*“Dear children, I, your mother, am coming anew among you out of love which has no end, from endless love of the endless Heavenly Father. And as I am looking into your hearts I see that many of you accept me as a mother and, with sincere and pure hearts, you desire to be my apostles. But, I am also the mother of those of you who do not accept me and who, in the hardness of your hearts, do not desire to come to know the love of my Son. And you do not know how much my heart suffers and how much I pray to my Son for you. I pray to Him to heal your souls because He can do so. I pray to Him to illuminate you with the miracle of the Holy Spirit so that you may stop, always anew, betraying, cursing and wounding Him. With all my heart I pray for you to understand that only my Son is the salvation and the light of the world. And you, my children, my dear apostles, always carry my Son in your hearts and thoughts. In this way you are carrying love. All those who do not know Him*

*will recognize Him in your love. I am always beside you. In a special way I am beside your shepherds because my Son has called them to lead you on the way to eternity. Thank you, my apostles, for your sacrifice and love.”*

Queen of Peace Apostolate board members were in Medjugorje on September 17, 2014 when visionary Vicka Ivankovic-Mijatovic spoke with visitors. Vicka celebrated her 50th birthday on September 9th.
