Our Lady of Medjugorje's Message Given to Marija Pavlovic-Lunett September 25, 2020

"Dear Children!

I am with you for so long because God is great in His love and in my presence. I am calling you, little children: return to God and to prayer. May the measure of your way of living be love and do not forget, little children, that prayer and fasting work miracles in you and around you. May everything you do be for the glory of God and then Heaven will fill your heart with joy and you will feel that God loves you and is sending me to save you and the earth on which you live. Thank you for having responded to my call".

Commentary on the September 25, 2020 Message

God, in His immense love for His creation, has given us Mary as the last chance to save humanity. As our mother, who deeply loves her children, she directs us, every day, to the ways to win the battle against evil – prayer, fasting, Sacraments. Pray the Rosary every day; this is our most powerful weapon. Our Lady's messages always invite us to change our lives, to direct our lives towards good according to the teachings of the Church. She reminds us again and again to stay focused and committed to prayer, and love of God first and foremost before all else.

Faith is a gift from God. Faith can be lost; especially in these days where Satan is reigning. It must be nourished with prayer. Our Lady's message is very clear - never stop praying to increase and fortify our faith. All the rest will be strengthened and defended by Mary's intercession.

The visionary Mirjana reveals: "A new world will be born. One day the ten secrets will belong

to the past. By that time, the world will be very much different, to the better! The secrets mark the end of an era and the dawn of a new. The new era will be an era of peace, and so it will be much more widely understood why the Virgin Mary called herself the Queen of Peace when she first appeared in Medjugorje. In this new era, mankind will live in a new-found harmony with God. Jesus will live and reign in all hearts. But in its' present sinful state, humanity is not ready for this. And so, the ultimate purpose of the entire sequence of secrets is cleansing, purifying, and humbling mankind, bringing humanity back to its' senses and restoring the relationship between God and man. I have an optimistic view of the future. If we all begin to live the Virgin Mary's messages, a new world will be born".

From Jesus, Mary receives all things and all her strength, and with this strength and love they share, she leads everyone who permits her to Jesus. Therefore, the Virgin Mary's Heart cannot be said to have triumphed until every human heart is resting in the love and peace of Jesus. This is why her expressed goal of the apparitions in Medjugorje is no less than the conversion of the world; and why she has specifically linked her coming triumph to the presence of Jesus in all human hearts.

The uniquely peaceful atmosphere of Medjugorje is an open window into the era to come. This peace, experienced by millions of pilgrims, is meant to be internalized and brought back home through personal conversion, witnessing, and prayer of those of us who have gone to Medjugorje.

From His Cross, Jesus left Mary to be our mother and our intercessor. Our destiny has been tied to the 'Woman from Eternity' and her role in the plan of salvation. She is here to encourage us and show us the way of salvation. The Queen of Peace has been showing us the way to true peace and the future with God. She is with us to direct us to the fruit of our prayer and fasting – miracles! She is with us so long to "save us and the earth on which we live"!

Let us be sincerely grateful that she considers us and calls us her "little children". She wants us to be witnesses and the apostles in that plan of salvation of the whole world. Devoted to her, let us be, in

joy, open to the future that God is preparing for the Church and for the world. Amen.
